

Douglas G. Smith, FRBMA

Douglas G. Smith is Managing Partner, Barrington Lakes Group, Inc, a health care consulting firm specializing in **Integrated Imaging Strategy Development, Strategic Action Planning, Imaging Center Development & Management, Profit Improvement Implementation** for Radiology Group Practices, hospitals & health systems and other diagnostic imaging related organizations. Barrington Lakes Group is one of the leading Chicago-based Radiology-specific Business Consulting Firms, and is a leading **Diagnostic Imaging Business Consulting and Outsourced Oversight Management** firm. Barrington Lakes Group enjoys an outstanding reputation for assisting clients in the development and operation of effective and profitable healthcare organizations.

Mr. Smith has an extensive background and expertise in no-nonsense **Strategic Action Planning** and operations profit improvement for both large and small healthcare entities. He brings over 30 years of demonstrated professional experience as an operations improvement specialist, business strategist, business turnaround facilitator, merger and acquisition specialist, and operations executive to the healthcare market.

Following over 20 years in the Defense business sector as Vice President of Imaging Technology and Business Development Imaging Systems Division, and six years as President of a Health Care Consulting Group, a division of a large CPA Firm, Mr. Smith founded Barrington Lakes Group 11 years ago as a unique niche consulting firm with specialized expertise and unique consulting firm business model.

His specialized professional background and experience includes Radiology Group Network Development and Operations, Radiology Group Mergers and Integration, Strategic Business Action Planning, Management Operations & Oversight, Managed Care Contract Strategy Development, Physician/Hospital & Physician/Specialist Joint Venture Development, Health System Integrated Imaging Strategy Development, and Federal Government and International Legislative and Policy Liaison.

Doug is a graduate of Ohio University, a graduate of the Crosby Quality College Executive Program and has been repeatedly elected into *Who's Who in National Healthcare*. He is a member of several professional associations including **Healthcare Financial Management Association (HFMA), Medical Group Management Association (MGMA), the Radiology Business Management Association (RBMA)** and the **National Health Lawyers Association (NHLA)**. He also serves on the Legislative Affairs Committee of the RBMA.

He is an accomplished professional speaker and lecturer to local and national audiences and has authored and co-authored articles and business publications on a variety of profit enhancement processes and practices. Mr. Smith has been a featured speaker for the **American Medical Association, Healthcare Financial Management Association, Washington G-2 Diagnostic Imaging Leadership Forum, International Business Conferences on Radiology Practice Management, Radiology Business Management Association, Congress of Imaging Administrators, American Healthcare Radiology Administrators Association, and the American Institute of Certified Public Accountants.**

Mr. Smith is a contributing author to the recently published Business Valuation Resources *Complete Guide to Healthcare Valuation*, authoring the section on the specific and unique consideration required when valuing diagnostic imaging entities. He is also Managing Editor of Radiology Leaders' Advisor
